Healthcare

Gong helps healthcare teams stay compliant and operate efficiently in a digital-first world.

Manufacturing

Leading manufacturers rely on the Gong Revenue AI OS to turn revenue insights into action.

What our raving fans say

Some of our 6,000+ customers share how they've transformed their business with revenue AI.

"ADP reps and sales leaders who use Gong in enterprise deals have a higher win rate than those who don't look at their calls in Gong."

Matt McBreen

VP of Sales Enablement at ADP

"Gong presents its value more than any other partner I've worked with."

Morgan Jacobson

Principal Manager of Sales Strategy and Systems at HubSpot

"Gong has been a powerful resource because it gives us information that aligns to our people, our results, and our strategy."

David Ellis

Director of Sales at LinkedIn

"Gong has followed us helped us identify different"

Damir Zo

Global Mktg Business

"The customer interaction data powering Gong Engage gives us a direct line to the voice of the customer and insights we wouldn't likely spot ourselves."

Mike Wolff

Chief Revenue Officer at Sprout Social

"Working with Gong has made us better managers and better CSMs."

Jeffrey Coleman

VP of Customer Success at SurveyMonkey

"Gong Enable, especially AI Trainer, has been revolutionary for us. The biggest value is that we can create training grounded in our own customer conversations... The realism, speed, and feedback loop are on a completely different level."

Kyle Jaschren

VP Sales at Frontline Education

"The customer engagement is custom"

Miko Wolf

Chief Rev
